

Year 4 Prayer.

Dear Lord

Thank you for celebrations such as Christmas and Easter and other celebrations that allow us to celebrate something special with friends and family. Celebrations are important to us all as they allow us to forget our daily problems and bring together the people who are important to us. We thank you for helping us with the celebration of our first communions and we are happy to receive your spirit.

Let us enjoy our lives with celebrations like birthdays, weddings and anniversaries. We remember those who are unable to celebrate and who do not have very much to celebrate in their lives, we hope that your love can help add the joy and happiness to their lives so that they can rejoice once more.

Thank you for giving us our local church to celebrate in with our school and our family and friends. The church allows us to remember that we are not alone and that we will always have someone to share and rejoice with.

Amen
