

Year 5 Prayer: Making the right changes

Dear Lord,

We are sorry that we don't always make healthy decisions in life. Forgive us that we have polluted the world and cut down the trees. We are sorry that we don't always make the right changes.

Thank you for giving us the ability to make good changes. Thank you for our amazing world and help us to keep it clean and safe. Thank you for forgiving us when we do wrong things. Thank you for the people who inspire us to make the right changes throughout our life.

Help us to respect others' opinions and their property. May we also help others in need of medicine, shelter, food and love. Give others their personal space. Help us to make the right choices so that the world becomes a better place with a healthy environment.

Please help us to make better rules to improve our world and enable us to understand that other people aren't as lucky as us. Please help us to create a better world.

Lord, hear our prayer,

Amen
